Right so apparently there's an article about the forums out there

twilightdragon1936

of course I can't link it, due to forum rules.

However I will say it was disgusting, saying that because we say 'cinnamon rolls' we are inherently child predators.

I was in the article three times, my posts so old that it was when I still used comic sans.

It had cleavers posts, with her October sig.

It had futures posts, ghosts, fossils, toffees!!

It was all bad, and most of it was confirmation bias conclusions.

Tl;Dr adult makes article on the forums with no context and confirming what they want to believe.

Don't think of this as a goodbye, think of it as a "see you later."
